**Information on International
Congress-Exhibition Activities in
Education, Science and Innovation
2017**

Issue 3

*Russia,
countries of CIS*

Information on international congress and exhibition activities in education, science and innovation is issued as brochures since 1986 and sent out to the ministries, departments and organizations, federal and regional centers of Russia etc. Since 2013, brochure distributed in electronic form. Information is available on site www.science-forum.ru.

The dispatching is made according to the mailing lists of the Ministry of Education and Science of the Russian Federation.

At present the data bank of international congress and exhibition activities is being updated. In the first half of 2017, in course of information acquisition and its analytical processing we suppose to distribute among the interested organizations the electronic form – the comprehensive plan of international activities in 2017-2019 in Russia and countries of CIS, and the near and distant foreign countries.

We kindly ask you to assist us in obtaining the more complete information about international activities in the field of education, science and innovation planned for realization in 2017-2019 ***with the indication of subjects, places and terms of their realization, names of organizers and their contact telephones, faxes, e-mail.***

On assignment of the International Department of the Ministry of Education and Science of the Russian Federation the information collection, processing and input into the data base on arrangements and the brochures publishing on international congress and exhibition activities in the field of education, science and innovation is accomplished under the guidance of the Company Ltd 'Science Forum'.

Director M.V. Serednitsky.
